### DIRECTIONS - CAVERS HUT, JENOLAN CAVES

Jenolan Caves can be accessed via the township of Edith, or the better-known route which takes you through the Arch. Beware though, when leaving that the route through the Arch is closed from 1pm – 2pm to traffic exiting Jenolan Caves. The route through Edith, takes slightly longer but the road is less windy.

**Caver's Hut** is located off Jenolan Caves Road. From the tourist bus route, go past Caves House and continue up the hill. There is a small road that leads to overflow parking, go past this and the next "road" is Burma Road, although it is not signposted. It does however have a sign indicating that the RFS fire station is on this road.

Turn right into Burma Road (it's a dirt road). When you get to the top of a slight hill, the road veers left, there are old houses on the rh side of the road.

*Hard to see, but this is the sign at the turn off that drivers should take.*

*Hard to see at night, but this is the sign at the bottom of the dirt "road" or driveway up to the Cottage.*

In about 100m there is a road/driveway on the left, with a small sign "Cavers Cottage". As of 6/2017 the road was in reasonable condition, however the hill is very steep and in wet weather may only be suitable for 4WD or AWD vehicles.

**Parking:** There is parking for 4 - 6 vehicles but those arriving first may be blocked in by those arriving later. FWD vehicles may be better parked at the bottom of the "road".
